Test Pin probe -- Model TPP15

High-Precision Accessibility Testing for Compliance

The **Model TPP15 Test Pin Probe** is expertly crafted to meet **IEC, CSA, and UL** standards, ensuring precise testing for the accessibility of small objects in electrical safety applications. Designed and manufactured in-house, this **stainless steel** probe features a **Delrin® handle** for durability and ease of use. The pin tapers from **3 mm** at the tip to **4 mm** at the handle, allowing for accurate and efficient testing.

For your convenience, **ISO/IEC 17025 calibration** is available to guarantee compliance with industry regulations.
